Dear Parents and Caregivers,

Welcome back to term two. I trust our students had an enjoyable break spending time with family.

I look forward to another term of working together to provide quality education for your child.

We have launched into our current round of school planning for 2018 – 2020 with many exciting initiatives for continued school growth and improvement. Throughout the year I will be asking you lots of questions to help us better understand the needs of our students and families. Your feedback is valued and helps guide us into new actions. We really appreciate your response to surveys, interviews etc. and your active involvement in the school.

Part of the new school plan includes our Purpose Statement and our Vision statement. You will recognise our purpose statement from previous communication sent home. It is very simple, but says a great deal about the way we operate – **Happy Students – Successful Students**.

Our vision statement:

**Buronga Public School creates an enabling environment where students are empowered to embrace learning, achieve their personal best and build their emotional, social and physical wellbeing.**

I have included a term calendar to date. Activities and events will be added to the calendar as they arise. We will keep you updated. In an attempt to further improve communication between school and home we will be using SkoolBag App which will provide timely and current communication that can be accessed and updated anytime. Stay tuned for more information. The first advantage will be your term calendar can be updated and you receive the information instantly.

Please stay in touch with the school if you have any issues, concerns, question or suggestions. Simply ring the office to arrange an appointment with your child's class teacher. After an initial discussion with the class teacher, if you feel further support would be beneficial you can call and arrange a time to see the Assistant Principal, Mrs Carolyn Tiley, the Wellbeing Teacher, Mrs Hogarth or myself.
