February 2018

I would like to welcome all our Buronga families to the 2018 school year. A special welcome to new families, I am sure you will enjoy your time at Buronga Public School.

As your Principal, I want to assure you that the staff and I are all working together to create an enabling environment where students are empowered to embrace learning, achieve their personal best and build their emotional, social and physical wellbeing.

You should feel confident that we will be addressing all your child's learning needs. I look forward to getting to know your child and learning about their talents and skills. I also want you to know that your child's class teacher and I am available to you if there is any concern. Please feel free to call the office to schedule an appointment to meet should the need arise.

As parents, you are your child's first and most influential teacher. Communication between home and school is critical to your child's academic success. One of the very best things you can do to help your child succeed academically is to read to your child every day. Also, if they are ready, have your child read to you. Reading is so important to success in every subject area.

All children can and will learn to their potential here at Buronga Public School. We will be implementing whole school programs to ensure this happens. We are committed to every student at our school and pride ourselves on an inclusive and accommodating learning environment. We care about your child's development in all areas: academically, socially, emotionally, and spiritually.

This will be an exceptional year! Let's work together to do what is best for your child and the school. Thanks for being part of our team.

Jodie Treverrow

Principal

Buronga Public School
