Term 1 Week 10

Years One and Two

In Maths we have been looking at time, not just on clock faces but the changes of the seasons. We have discussed how the top of Australia does not have the same four seasons as we do and have begun to compare the different seasonal cycles of the top end of Australia and our part of the continent. In Art we produced Autumn collages with Mrs Lamprell which we will display at Assembly tomorrow.

The One/Two class had a great day on Thursday with our Easter Bonnet parade and then the Cross-Country Run. When we got back to school we discovered to our great excitement that the Easter Bunny had visited our classroom!
