Book Week

The Children's Book Council of Australia is a not for profit organisation which aims to engage the community with literature for young Australians. The CBCA presents the annual Children's Book of the Year Awards to books of literary merit, recognising their contribution to Australian children's literature.

Every year Buronga Public School celebrates these awards by holding an annual book week celebration. This event is a highlight at our school where students and staff are invited to dress up as a book character for the parade, followed by high interest, engaging literacy activities based on the CBCA shortlisted books. Our students and parents dedicate time and effort into creating amazing costumes. You may have seen Brinley and Declan in the Sunraysia Daily dressed in their costumes.

Language, reading, and writing skills develop at the same time and are intimately linked.

Early literacy development is a continuous developmental process that begins in the first years of life.

Early literacy skills develop in real life settings through positive interactions with literacy materials and other people.

Happy Students – Successful Students

Years One and Two

It's great to be back on class with 1/2. To be truthful after 2 weeks back it's like I was never away! I have been very pleased with how the students have transitioned back again and we are all working very hard as the end of term approaches.

Please make a comment of some sort in your child's reading record book as I like to read the as I change them to see how you feel the reading went. Remember it is always a good idea to have a quick talk about the story- was there a funny bit?

Which character did you like the best? Etc- reading is not just about working out the words; it's vital that the children understand what they have read. It's also been great to have some parents commenting on how the reading sounded- that character voices have been used, that the punctuation is being used for expression or that the reading has sounded fluent.

Great excitement this week as we have reached our 120 cards for our next whole class reward. The children are voting to decide as a group what that reward will be.

Looking forward to catching up with everyone at parent interviews.

Parliament and Civics Education Rebate (PACER)

Students from our school will soon be undertaking (or have recently undertaken), an education tour of the national capital. Students will be given the opportunity to participate in a variety of educational programs with a focus on Australia's history, culture, heritage and democracy.

The Australian Government recognises the importance of all young Australians being able to visit the national capital as part of their Civics and Citizenship education. To assist families in meeting the cost of the excursion the Australian Government is contributing funding of \$30 per student under the Parliament and Civics Education Rebate program towards those costs. The rebate is paid directly to the school upon completion of the excursion.

HEAD LICE

We have a number of cases of head lice reported at school.

Please check your child's hair and treat appropriately at home. If you need assistance treating your child's hair, please come and see us at the office and we can help.

Untreated cases cause extreme discomfort and allows head lice to spread throughout the school community.

Please talk with your children about not sharing hats and students with long hair consider wearing it tied up. These simple actions can minimise the risk of head lice spreading.

Thanks for your cooperation.
