## Buronga Public School Vision Statement

Term 1 Week 10

Buronga Public School creates an enabling environment where students are empowered to embrace learning, achieve their personal best and build their emotional, social and physical wellbeing.

explicit instruction, guidance and strategies promoting “learning to learn.”

## Learning at Buronga

Staff at Buronga Public School strive to offer students high quality learning experiences that provide opportunity for students to reach their full potential.

## Learning together

There are many factors to consider as we work towards this goal. One evidence based strategy to help us achieve this is called metacognition and self-regulation. This means we aim to help students think about their own learning by teaching specific strategies for planning, monitoring and evaluating their learning.

Metacognition and self-regulation is about “learning to learn.”

We have introduced an inquiry based learning program at Buronga this year that supports

## All kinds of learning

Look out for a unit overview at the beginning of term two that will outline your child’s inquiry based learning journey. The overview provides a rich opportunity for discussion about learning with your child. This supports our focus of “learning to learn.”

## Thanks Sian!

Stomp Dance Company is a Melbourne based dance company that delivers innovative, fun and energetic dance and performing arts programs into schools. We were fortunate to again have Stomp into the school last week where all students were able to participate in dance lessons. Each day the students were taught a new dance with Kindergarten, Grade 1 and Grade 2 participating together and Grades 3 – 6 also dancing together. Sian was back and was again an awesome instructor.

## Grade 1 PBL Celebration Day

As part of the school values, each class tallies their cards to reach a class goal. Grade 1 reached their goal of 50 cards and voted to have a class party luncheon to celebrate.

The class enjoyed a delicious lunch of quiche, sandwiches, crackers and dip and what's a party without cocktail frankfurters? Thanks to Jenivia who made and decorated cupcakes for everyone. Grade 1 continues working hard to earn more cards so they can have another class reward. Well done Grade 1. All cards earned from all students contribute to the next whole school reward.

## PBL

## Positive Behaviour for Learning

As we continue on from the success of our amazing PBL launch at Inflatable World, we would like to share with you how we have been incorporating our four school values, Respectful, Responsible, Successful and Safe into all that we do at school.

Under each of the core values, statements have been made that help and encourage students to be positive at school.

### Respectful

I accept the differences in others.  
I speak with kind words.  
I use good manners.

Students have been learning what the values mean, and how we can demonstrate them in all that we do at school.

Under the banner of RESPECTFUL, students are learning to accept the differences in others. They are encouraged to use kind words and good manners which helps them to be respectful.

### Responsible

I follow given directions.  
I am ready to learn.  
I show integrity.

They are encouraged to be RESPONSIBLE by following directions, being ready to learn and showing integrity in all that they do.

### Successful

I try to the best of my ability.  
I have a go again and again.  
I aim to improve.

To be a SUCCESSFUL student, all are encouraged to do their best, to keep trying and aim to improve.

And finally, all students are encouraged to be SAFE at all times by keeping their hands and feet to themselves, following expectations and sharing their concerns.

### Safe

I keep my hands and feet to myself.  
I follow the expectations.  
I tell a teacher my concerns as they happen.

It has been a great start to learning our values and understanding how they help us to be positive learners. Recognition cards are handed out to individuals during the day. These are collected and contribute to a whole class reward. Class tallies then contribute to a whole school tally. What will our next reward be?
